

## Concept

This is a blind wine taste ( straws in cardboard box that lead to different wine glasses with different contents inside and the ugc will try to guess ) each wine will be from a different country and container, so one wine will be american bottle, another wine will be american box, another will be italian bottle, and last will be italian boxed - Gratsi, surprise the viewer with the favorite being the boxed italian, and introducing Gratsi and its benefits.

**PLEASE WATCH THE IDEA TO UNDERSTAND THE CONCEPT:** [\[LINK\]](#)

### 1) Script - Hooks

#### Guidelines:

- Hooks allow editors to create multiple ad variations to test performance.
- Do not show the product in the hooks unless explicitly stated.

| HOOK | SCRIPT                                                                                                              | ADDITIONAL INSTRUCTIONS                                                                                                                                                                                                                                         |
|------|---------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1    | My Italian husband bet me \$100 I couldn't tell the difference between his fancy bottle and boxed wine...           | <p>Close-up of a \$100 bill being slapped down on the counter next to 4 wine glasses with straws poking through cardboard</p>  <p>Like this but with the dollar visual</p> |
| 2    | I've been a wine snob my whole life... so when my friend made me do a blind taste test, I was NOT expecting this... | Creator with eyes closed, hand hovering dramatically between 4 straws                                                                                                                                                                                           |
| 3    | Can you actually taste the difference between a \$30 bottle and a \$10 boxed wine? I tested it...                   | Direct to camera with the blind taste test setup                                                                                                                                                                                                                |

|   |                                                                                                      |                                                                                          |
|---|------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|
| 4 | I put American wine against Italian wine in a blind test... and what won completely shocked me       | Dramatic overhead shot of the 4 glasses with tiny creator's hands reaching toward straws |
| 5 | My husband made me taste 4 wines blindfolded and my favorite was the one he said he'd never drink... | Set up the blind taste test while saying hook direct to camera                           |

## 2) Talking Head / Body script

### Guidelines:

- This is your main speaking video.
- Please express the points **naturally, in your own storytelling voice.**
- Avoid words like *“game changer”, “skyrocketed”, “level up”, “elevate”, “boost”, “synergy”* unless they are part of the product name.
- Change your outfit between the talking video and all B-rolls.
- Please articulate clearly.

### Script Points:

Whole body should be about a minute or less.

|                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|----------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>The Setup</b>                 | <ul style="list-style-type: none"> <li>• Briefly explain the test setup - 4 wines, 2 American (one bottle, one box), 2 Italian (one bottle, one box)</li> <li>• Mention you're going in completely blind</li> <li>• Build anticipation - "Let's see if I can actually tell the difference"</li> <li>• Keep it quick and conversational</li> </ul>                                                                                                                                                    |
| <b>THE TASTING JOURNEY</b>       | <ul style="list-style-type: none"> <li>• Taste each wine and give genuine, unscripted reactions</li> <li>• Be honest about each one - some might be "fine," others might make you scrunch your face</li> <li>• When you get to the Gratsi wine, react authentically to the smoothness/cleanness</li> <li>• Don't reveal which is which yet - build the mystery</li> <li>• Natural phrases like "Okay this one's interesting..." or "Ooh, this is smooth" or "Something about this one..."</li> </ul> |
| <b>THE REVEAL &amp; REACTION</b> | <ul style="list-style-type: none"> <li>• Rank your favorites (Gratsi Wine should be #1)</li> <li>• Remove the cardboard/reveal which wine is which</li> </ul>                                                                                                                                                                                                                                                                                                                                        |

|                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                | <ul style="list-style-type: none"> <li>• Show genuine surprise that the boxed Italian wine won</li> <li>• React to the fact that it's BOXED wine - subvert the expectation</li> <li>• Natural reaction: "Wait... THAT was boxed?!"</li> </ul>                                                                                                                                                                                                                                                                    |
| <b>THE GRATSI INTRODUCTION</b> | <ul style="list-style-type: none"> <li>• Now that the reveal happened, introduce Gratsi Wine naturally</li> <li>• Touch on 2-3 of these points conversationally (don't list them):</li> <li>• Made in France and Italy</li> <li>• Zero sugar</li> <li>• Stays fresh for 30 days after opening</li> <li>• Equivalent of 4 bottles in one box</li> <li>• Share YOUR personal experience naturally (not a brand claim):</li> <li>• Example: And honestly? It's become my go-to for weeknight dinners now</li> </ul> |
| <b>SOFT CTA</b>                | <ul style="list-style-type: none"> <li>• Close naturally, not salesy</li> <li>• Something like: "Find it at gratsi.com"</li> <li>• Or tie it back to the test: "So yeah... the boxed wine won. Who knew."</li> <li>• Do NOT say "link below" or "link in bio"</li> </ul>                                                                                                                                                                                                                                         |

### 3) B-roll Shot List

#### Guidelines:

- No voiceover.
- B-roll is aesthetics: clean, well-lit, timeless
- Avoid festive or seasonal decorations.
- Change outfit from the talking video.

#### Script to Film:

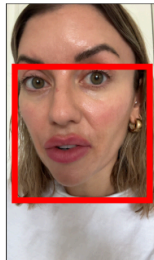

Use this tick-off list to make sure all the content has been filmed:

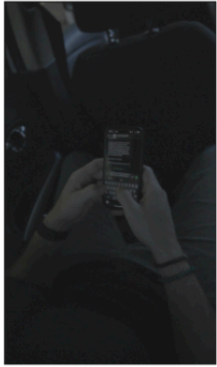

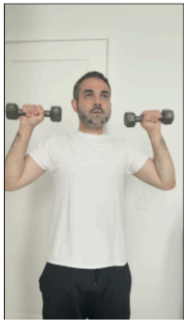

- ☐ **Cardboard box with 4 holes** — close-up showing the mystery setup with straws poking through
- ☐ **Wine glasses being filled** — pour shots of each wine going into glasses (shoot from angle where labels aren't visible)
- ☐ **Flags being placed** — tiny American and Italian flags being stuck into the cardboard
- ☐ **Overhead birds-eye of full setup** — all 4 glasses with straws, cardboard barrier, clean countertop
- ☐ **Straw sipping close-up** — tight shot on lips/straw as creator tastes
- ☐ **Reaction face montage** — multiple angles of genuine reactions during tasting
- ☐ **Hand gesturing between glasses** — creator deliberating, pointing at different straws
- ☐ **Cardboard being lifted/removed** — the dramatic reveal moment

- ☐ **Gratsi box hero shot** — clean, well-lit shot of Gratsi wine box on counter
- ☐ **Close-up of Gratsi label** — zoom on "Made in France and Italy," "Zero Sugar" text on box
- ☐ **Wine being poured from Gratsi box** — showing the spout, wine flowing into glass
- ☐ **Glass of Gratsi wine with food** — Mediterranean-style setting (cheese, olives, bread visible)
- ☐ **Gratsi box on kitchen counter** — lifestyle shot showing it fits naturally in a home setting
- ☐ **Creator enjoying final glass** — relaxed, casual moment of satisfaction
- ☐ **Side-by-side comparison** — Gratsi wine box next to regular wine bottle showing size/value

## 4) Filming requirements

Please watch this short explanation of our [VIDEO GUIDELINES](#)

|                | DO                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | DON'T                                                                                                                                                                                                                                                      |
|----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Filming</b> | <ul style="list-style-type: none"> <li>✓ Shoot vertically (9:16).</li> <li>✓ Film at eye level.</li> <li>✓ Keep eyes in line with the camera.</li> <li>✓ Be natural. Light improvisation is welcome.</li> <li>✓ Record talking head videos before B-rolls.</li> <li>✓ On iPhone: Turn off HDR (Settings -&gt; Camera -&gt; Record Video -? Untick HDR)</li> <li>✓ Frame: Stay in the centre square of the screen:</li> </ul>  | <p>⊖ Don't film out of frame.</p>  <p>⊖ Don't speak too close to the camera.</p>  |

|                 |                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                            |
|-----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------|
| <b>Editing</b>  | <input checked="" type="checkbox"/> Share all the raw files without captions or transitions.                                                                                                                                                                                                                                                                                                                                         | <input checked="" type="checkbox"/> Don't edit your content (no captions, no transitions). |
| <b>Sound</b>    | <input checked="" type="checkbox"/> Ensure there isn't any background noise.                                                                                                                                                                                                                                                                                                                                                         | <input checked="" type="checkbox"/> No voiceover.                                          |
| <b>Lighting</b> | <input checked="" type="checkbox"/> Ensure the lighting is great.<br><input checked="" type="checkbox"/> Contrast & exposure<br><div>TURN ON EXPOSURE ON DARK CLIPS</div>                                                                                                                                                                           | <input checked="" type="checkbox"/> Don't film with shadows on your face.                  |
| <b>Product</b>  | <input checked="" type="checkbox"/> Only show the products as instructed on the script.                                                                                                                                                                                                                                                                                                                                              | <input checked="" type="checkbox"/> Don't show the product in hooks unless stated.         |
| <b>Clothes</b>  | <input checked="" type="checkbox"/> Wear what you feel most comfortable with as long as it's not too loud or revealing.<br><input checked="" type="checkbox"/> Change your outfits for the speaking video and b-rolls.<br><input checked="" type="checkbox"/> Contrast & exposure:<br><div>CHANGE CLOTHES TO STICK OUT FROM THE BACKGROUND</div>  | <input checked="" type="checkbox"/> Don't wear branded or logo outfits.                    |

## 5) Sending your files:

- Share **raw footage only** (no edits, music or effects).
- Use **Google Drive**. If you don't have it, we'll provide a folder link.
- Organise your files per concept into three folders:
  1. Hooks

2. Talking Head Video(s)
  3. B-rolls
- Name your files following this structure:  
Hooks: “**Hook 1**”, “**Hook 2**”, ...  
B-roll: “**B-roll 1\_Description of action**”
